ALWAYS WITH YOU

## NATIONAL LOCKDOWN

27 MARCH 2020 - 17 APRIL 2020

### A MESSAGE FROM OUR FOUNDER ALMA GERICKE

At INUKA, we recognize the anxiety and uncertainty everyone in our INUKA Family is experiencing due the South African National Lockdown. Ultimately, we are proud of our President, for making this brave decision to protect 56 million people in South Africa and to try and avoid a catastrophe of huge proportion.

National Lockdowns is a possibility in every country in which our INUKA Members operate their businesses.

As our President also said in the days and weeks and months ahead, the unity of our nation will be put to the test as never before and that as a nation we should never despair, and we will surely prevail.

As an INUKA Family Member, in South Africa and our neighbouring countries, I know that I can count on you to be a responsible citizen and to adhere to lockdown instructions to keep you and your family healthy and safe.

As a company we will also actively monitor developments and continue to update you via SMS as the situation develops and new information becomes available. We will also stay in touch with you on our official INUKA Facebook Page.

INUKA has made a commitment that our valued staff members will receive their full salary and benefits over this lockdown period.

**Be strong because things will get better. It may be stormy now, but it never rains forever.**

I love you and appreciate you.  
Nkosi Sikelel' iAfrica

Warm INUKA regards,

*Alma*
